**Cutting edge innovation for
a smooth & safe performance**

TotalEnergies, a broad energy company

TotalEnergies, a broad energy company

Energy is reinventing itself, Total is becoming TotalEnergies. TotalEnergies is a broad energy company that produces and markets energies on a global scale: oil and biofuels, natural gas and green gases, renewables and electricity. Nearly 100,000 of our employees are committed to energy that is more affordable, clean, reliable, and accessible to as many people as possible.

Active in more than 130 countries, TotalEnergies puts sustainable development in all its dimensions at the heart of its projects and operations to contribute to the well-being of people.

A leading global energy company

TotalEnergies' Marketing & Services business segment offers its professional and private customers a wide range of broad energy products and services - petroleum products, biofuels, charging and related services for electric vehicles, gas for road and maritime transportation - to support them in their mobility and help them reduce their carbon footprint.

Every day, over 8 million customers visit our 14,600 service-stations all over the world. As the world's number four in lubricants, we design and sell high performance products for the automotive, industrial and maritime sectors. And to provide the best response to the needs of our B2B customers, we deploy our sales forces, our international logistics network and our diverse offering. We operate in 107 countries, where our 31,000 employees stand close to all of our customers.

Cutting edge R&D in lubricant innovation, responding to a changing automotive industry

In light of the profound changes shaping the automotive industry and the major political and economic stakes involved, TotalEnergies Lubricants anticipated emerging market needs early on and started developing new types of fluids to meet vehicle manufacturers' expectations.

Thanks to this deep, years-long R&D commitment, TotalEnergies Lubricants is now able to offer car manufacturers a new EV fluid range that will help them develop more efficient hybrid and electric vehicles and keep them running in optimal condition.

TotalEnergies Marketing India Private Limited

TotalEnergies Marketing India Private Limited (TEMIPL) is a wholly owned subsidiary of TotalEnergies SE and started its marketing operations in 1993.

In India, the company has a growing presence in businesses, namely- lubricants for automotive and industrial applications, LPG for domestic and commercial applications, special fluids & car care products and services managed by a team of over 580+ employees.

Mahape blending plant - Infrastructure

The Mahape blending plant was commissioned in 1995 and since, has been constantly upgraded to improve its capacity and quality control with modern control room and robotic arms. Plant is certified with :
IATF 16494 : 2016, ISO 14001 : 2015, 45001 : 2018, 14K9K / IATF / 45K.

Technical Center Asia Pacific (TCAP) - Overview

TCAP aims to offer innovative, sustainable, cost-effective, and energy-efficient solutions to global customers, utilizing the regional ecosystem as the only R&D center in Asia Pacific.

*RTB- Reason to believe

Quartz Product Range

0W-16 QUARTZ 9000 XTRA FUTURE XT

API SP | ILSAC GF-6B

- Perfect fit with the latest downsized engines especially for hybrid vehicles
- Provides excellent protection against wear & deposits
- Well suited for latest downsized engines with start & stop technology
- Xtra Fuel Economy by 4%*
- Ultimate engine protection & cleanliness
- Low speed pre-ignition prevention

FULLY SYNTHETIC

*Based on the ACEA M111 Fuel Economy test. Result for Quartz Ineo Xtra Dynamics 0W-20 compared to the industry reference as defined by the European Automobile Manufacturers' Association (ACEA).

0W-20 QUARTZ 9000 FUTURE GF-6

API SP | ILSAC GF-6A

- Excellent start-up performance
- Prevents sludge build-up and controls oxidation
- Optimum power & performance under most severe driving conditions
- Fully compatible with all emission control devices and all gasoline grades
- BS VI Compliant

FULLY SYNTHETIC

5W-40 QUARTZ 9000

API SN/CF | ACEA A3/B4

- Ultimate engine protection
- Prevents sludge build-up and controls oxidation
- Utmost cleanliness of engine components due to advanced detergency formulation
- Ultimate power and performance under most severe driving conditions
- Recommended for all petrol & diesel engines (multi valve & turbo)
- Excellent start-up performance, even at coldest temperatures

FULLY SYNTHETIC

OEM APPROVALS

5W-40 QUARTZ 8000

API SN/CF | ACEA A3/B4

- Ultimate engine protection
- Prevents sludge build-up and controls oxidation
- Utmost cleanliness of engine components due to advanced detergency formulation
- Ultimate power and performance under most severe driving conditions
- Excellent start-up performance, even at coldest temperatures

FULLY SYNTHETIC

5W-30 QUARTZ 8000 NFC

API SL/CF | ACEA A5/B5

- Advanced viscometrics for maximum power and minimum viscous drag
- Excellent start-up performance
- Prevents sludge build-up and controls oxidation
- Optimum power & performance under the most severe driving conditions
- Focused on reinforcing fuel economy for your car

FULLY SYNTHETIC

5W-30 QUARTZ 7000 FUTURE GF6

API SP | ILSAC GF-6A

- Excellent start-up performance
- Prevents sludge build-up and controls oxidation
- Optimum power & performance under most severe driving conditions
- Fully compatible with all emission control devices and all gasoline grades
- Excellent fuel saving & cleanliness properties
- Recommended for high performance gasoline engine cars
- BS VI Compliant

SEMI SYNTHETIC

10W-40 QUARTZ 7000 SN

API SN/CF

- Recommended for all high performance gasoline engine cars equipped with direct-injection, multi-valve & turbo-charger
- Specifically designed to extract maximum performance of your engine

SEMI SYNTHETIC

15W-40 QUARTZ DIESEL 5000

API CI-4/SL

- Engineered for modern diesel engines with or without turbochargers, intercoolers or advanced injection systems operating under all driving conditions
- Specially designed for diesel cars, SUVs and UVs

HIGH PERFORMANCE TECHNOLOGY

PREMIUM MINERAL

20W-50 QUARTZ 3000 SJ

API SJ

- Provides uniform protection to all vital engine parts from wear and tear
- Specially designed to be used in all car engine types – Petrol, LPG, CNG
- Excellent thermal stability
- Lower oil consumption

MINERAL

5W-30 QUARTZ SMC

API SL

- Formulated with a TWIN RESPONSE FORMULA which gives fuel economy along with more power & longer engine life
- Genuine oil for Maruti Suzuki petrol vehicles, specially designed for K Series engines
- Reduces drag to give the same output with less fuel
- Minimizes friction at engine start and at higher RPM to give more power

MARUTI SUZUKI

SEMI SYNTHETIC

5W-40 QUARTZ 9000 SYN

API SN/CF | ACEA A3/B4

- Ultimate engine protection
- Prevents sludge build-up & control oxidation
- Utmost cleanliness of engine components due to advanced detergency formulation
- Ultimate power & performance under most severe driving conditions
- Excellent start-up performance, even at coldest temperatures

FULLY SYNTHETIC

QUARTZ EV FLUID

and Static Charge build-up

THERMO-CONTROL AUGMENTED

Heat Transfer & Cooling
Capability

COMPATIBILITY AUGMENTED

Compatibility with Copper
& Insulating Materials

Designed for reducers, electric engines
and power electronics

3.1 QUARTZ EV-DRIVE R

- Ensures durability of gears & rolling bearings rotating at very high speed
- Shows optimal anti-foaming and air release properties through the entire lifetime of the vehicles
- Designed for excellent pumpability even at a very low temperature

7.0 HI-PERF EV-DRIVE MP

- Protects against short circuits and static electricity
- Provides optimal temperature control (even at fast charging)
- Ensures compatibility with copper coils and polymer materials
- Shows excellent anti-wear properties (gears and rolling bearings)

Hi-PERF
ENGINE OIL

हर सफर छोटा लगेगा
जब इंजन ऑइल लम्बा चलेगा

- Enhanced Deposit Control
- Enhanced Oxidation Control
- Enhanced Wear Protection
- Enhanced Clutch Friction Durability

Hi-Perf Product Range

10W-50 HI-PERF 4T 900

FULLY SYNTHETIC | API SN | JASO MA2

- Fully synthetic 4-stroke engine oil
- Specially designed for all types of motorcycles including racing bikes
- Formulated with Durability Improver technology, to bring ultimate performance under all temperatures
- Improved power and acceleration whether on the road or on the race track

20W-40 HI-PERF 4T 700

SEMI SYNTHETIC | API SN | JASO MA2

- Synthetic based 4-stroke engine oil
- Formulated with Durability Improver technology, to provide continuous performance for all riding conditions
- Provides superior protection for transmissions
- Provides power gain & very low friction

10W-40 HI-PERF 4T 700

SEMI SYNTHETIC | API SN | JASO MA2

- Synthetic based 4-stroke engine oil specially designed for motorcycles
- Formulated with Durability Improver technology, designed to provide continuous performance for all riding conditions
- Superior protection for transmissions

10W-30 HI-PERF 4T 700

SEMI SYNTHETIC | API SN | JASO MA2

- 4-stroke engine oil specially designed for motorcycles
- Formulated with Durability Improver technology, designed to provide continuous performance for all riding conditions
- Superior protection for transmissions

15W-50 HI-PERF 4T 500

PREMIUM MINERAL | API SN | JASO MA2

- Premium 4-stroke engine oil
- Formulated with Durability Improver technology, designed to reduce friction and provide superior protection against oxidation and deposits
- Provides enhanced cleanliness of your engine

10W-30 HI-PERF 4T SCOOTER

MINERAL | API SL | JASO MB

- Premium 4-Stroke engine oil specially designed for automatic/gearless scooters
- Formulated with Advanced Additive Technology that provides superior protection even in today's bad city road conditions
- Gives distinctly smooth performance, which can be seen from the first use itself

20W-40 HI-PERF 4T 300

MINERAL | API SL

- 4-stroke engine oil for motorcycles
- Provides great lubrication and protection to all vital parts of the engine
- Provides trouble-free performance of the engine between recommended drain intervals
- Anti-clutch slippage

10W-30 HI-PERF 4T 300

MINERAL | API SL | JASO MA

- High quality 4-stroke engine oil for motorcycles
- Provides great lubrication and protection to all vital parts of the engine
- Provides trouble-free performance of the engine between recommended drain intervals

20W-50 HI-PERF 4T SPECIAL

MINERAL | API SN | JASO MA2

- Premium 4-stroke engine oil
- Formulated with Durability Improver technology, designed to reduce friction and provide superior protection against oxidation and deposits
- Provides enhanced cleanliness of your engine

10W-30 HI-PERF 4T SPECIAL

MINERAL | API SL | JASO MA2 | Advance Additive Technology

- Premium 4-stroke engine oil
- Provides great lubrication & protection to all vital parts of the engine
- Provides trouble-free performance of the engine between recommended drain intervals

RUBIA ENGINE OIL

Technology for
Cleaner Engine
& Better Tomorrow!

200+
APPROVALS
FROM
HEAVY VEHICLE
MANUFACTURERS*

Rubia products are tested and approved more than 200 times by Major Heavy Vehicle Manufacturers (Original Equipment Manufacturers - OEMs). Premium products and tailor-made solutions to increase your operational efficiency.

Rubia Optima

Rubia TIR

Rubia Fleet

Rubia Optima with Inno-Boost Technology is engineered and approved for the latest technology engines & offers excellent engine longevity with extended oil drain intervals.

Rubia TIR products with their Pro-Efficient Technology form a strong protective layer on the metal surfaces avoiding direct contact in between moving engine parts, thus minimizing mechanical wear.

Clean-Shield Technology is specially designed to keep the engine parts clean and to ensure protection against corrosion & wear; making your engines run more smoothly for a longer time.

Rubia Product Range

15W-40 RUBIA OPTIMA 1300

API CK-4/CJ-4/CI-4 plus/CI-4/CH-4 | ACEA E7, E9

- Synthetic technology lubricant with Inno-boost Technology for balanced SAPs and protection of DPF (Diesel Particulate Filter) from getting clogged
- Ensures excellent shear and oxidation stability
- Reduces wear and tear
- Provides best-in-class oil drain interval period with extended engine life and efficiency

SYNTHETIC TECHNOLOGY

15W-40 RUBIA FLEET HD 500

API CH-4

- Advanced technology diesel engine oil
- Formulated with Clean-Shield Technology which provides excellent oxidation resistance
- Extends engine lifespan & increases engine efficiency
- Prevents oil thickening, sludge formation
- Provides a minimum 5x better performance in engine cleanliness, wear protection and oxidation resistance against API requirement

MINERAL OIL

10W-30 RUBIA OPTIMA 1300 FE

API CK-4/CJ-4/CI-4+/CI-4/CH-4 | ACEA E7, E9

- Synthetic technology lubricant using Fuel Economy, which ensures upto 3%* fuel savings
- Formulated with Inno-boost Technology for balanced SAPs & protection of DPF (Diesel Particulate Filter) from getting clogged
- Ensures excellent shear and oxidation stability
- Reduces wear and tear
- Provides best-in-class oil drain interval period with extended engine life and efficiency

SYNTHETIC TECHNOLOGY

15W-40 RUBIA FLEET HD 300

API CF-4/SG, MACK T 8A, EDL-3

- Formulated with Clean-Shield Technology which improves oxidation resistance
- Helps in fighting oil thickening and sludge formation
- Recommended for all turbocharged (TC) engines on-road and off-road
- Provides continuous protection to the engine at higher operating temperatures for longer periods
- Increases engine efficiency

MINERAL OIL

15W-40 RUBIA TIR 7800

API CI-4+

- Provides enhanced engine life by protecting engine parts from soot-related wear
- Reduced oxidation and soot control promote engine cleanliness and extended the drain intervals
- Reduces maintenance costs
- Excellent viscosity stability
- Formulated with Pro-efficient Technology to clean up extra carbon deposited by the EGR (Exhaust Gas Re-circulation) device in BS IV trucks

MINERAL OIL

15W-40 RUBIA GAS 7M

- Formulated with Anti-nitration Technology which ensures a 20%* greater oil drain interval than regular CNG oil
- Provides excellent thermal stability, oxidation, and nitrooxidation resistance
- With its optimized ash content, enhances drain interval, avoiding spark plug fouling and deposit formation in the combustion chamber

MINERAL OIL

15W-40 RUBIA 7800 TT

API CI-4+, CI-4/SL | ACEA E5/E7

- High-performance premium multi-grade diesel engine oil
- Specially formulated with PRO EGR Technology that contains Booster Molecules and is best suited for Euro IV vehicles with EGR
- Provides excellent viscosity stability, ensuring longer oil drain intervals
- Outstanding detergent, dispersant, and anti-wear properties
- Keeps engine clean and efficient

MINERAL OIL

15W40 RUBIA MINI PLUS

API CH-4/ SG

- Technologically advanced premium multi-grade engine oil
- Tailor made for specific requirement of mini cargo & public transport vehicles
- Formulated with Heat Dissipation Technology which gives 3x better protection than CF4 engine oil
- Extended drain interval
- Low oil consumption

MINERAL OIL

15W-40 RUBIA FLEET HD 800

API CI4+

- Advanced technology multigrade diesel engine oil
- Provides improved oxidation resistance which helps in fighting oil thickening, sludge formation
- Ensures continuous protection to the engine at higher operating temperatures for longer time periods

MINERAL OIL

15W40 RUBIA MINI

API CF-4/ SG

- Technologically advanced premium multigrade diesel engine oil
- Tailor made for specific requirement of mini cargo & public transport vehicles
- Formulated with Heat Dissipation Technology which provides higher protection from heat
- Faster cooling of engines

MINERAL OIL

ट्रैक्टर का सच्चा यार

TRACTAGRI ULTRA T3R

Diesel Engine Oil for AGRI & UTTO Specification

PRODUCT NAME	VISCOCITY	INTERNATIONAL SPECIFICATIONS	PACK SIZE (L)
UTTO - Dynatrans SF 3I		GL-4	5, 20, 210L
DEO Agri - Tractagri Ultra T3R 15W-40	15W-40	CI-4	1, 7.5, 8.5, 10
DEO Agri - Tractagri Ultra 20W-40	20W-40	CH-4	1, 7.5, 10

Excellent oxidation resistance, prevents corrosion

Efficient lubrication and powerful performance

Great stability and viscosity in service

Arrests carbon particles and keeps engine clean

DYNATRANS SF 3I

GL-4

API GL-4

- Universal oil for transmission and hydraulic systems of farm tractors and construction equipment with oil-immersed brakes
- Specially formulated with additives to provide improved braking with reduced brake noise
- Better control on tractor operations in all weather conditions
- Excellent anti-wear property with protection against rust and corrosion

15W-40 TRACTAGRI ULTRA T3R

CI-4

API CI-4

- Specially developed for new generation tractor engines that meet Bharat (TREM) Stage III emission norms
- Suitable for all turbocharged or naturally aspirated agricultural diesel engines
- Provides longer drain intervals & has 5 times better oxidation properties
- Reduced maintenance cost

20W-40 TRACTAGRI ULTRA

CH-4

API CH-4

- High-performance multi-grade diesel tractor engine oil specifically designed for lubricating non-turbo and turbocharged diesel engines of tractors and other agricultural machines
- Top-performance lubricant which operates in all conditions and in all seasons
- Ensures the best engine performance under heavy loads during farm applications & driving on the road
- Better oxidation resistance properties
- Lower oil consumption

Designed for
smooth & efficient
performance

Auxiliary Product Range

80W-90 TRANSTEC 4

API GL-4 | IS 1118 : 2001 | US MIL-L-2105

- Superior multi-graded gear oil manufactured from high-quality base oil
- Recommended for use in the gearboxes of all heavy and light-duty vehicles for smooth gear shifting & higher driving comfort
- Formulated with Extreme Load Managers which ensure protection at extreme pressure points
- Provides minimum friction, power loss & better fuel economy

85W-140 TRANSTEC 5

API GL-5 | MIL-L 2105D

- New generation rear axle oil manufactured from superior-quality base oils and stable additives for optimum power transmission
- Provides wear protection
- Recommended for use in the rear axle differential gearboxes of all heavy and light-duty vehicles

75W-90 TRANSTEC 4

API GL-4

- Extreme-pressure lubricant
- Suitable for lubrication of loaded gears where API GL-4 level of performance is required

FLUIDMATIC DIII MV

ACEA API

- High-performance automatic transmission fluid
- Specially designed to provide smooth and efficient operation in modern automatic transmissions and power steering
- Well-balanced fluid recommended for use in all automatic gearboxes, power-assisted steering assemblies, coupler & torque converters in heavy-duty vehicles and passenger cars

MULTIS XL 3 PREMIUM+

NLGI 3 with EP properties

- Red gel grease with performance of 80,000+ km
- Reduces frequency of greasing
- Increases service life of bearings
- Prevents leakage of bearings

MULTIS XL3+

NLGI 3

- Red grease with performance of 40,000+ km
- Structural modifier keeps similar grease consistency in all weather conditions
- Acts as a seal to prevent entry of dirt & water
- Longer service interval

LEX 3

NLGI 3

- Multipurpose long life lithium soap-based grease
- Developed with highly refined base oil and high performance additives with NLGI 3 specifications
- Provides good structural stability & water washout resistance
- Provides effective protection against iron wear and corrosion

COOLTECH ECO

JIS K

- Advanced coolant specially designed with bio-degradable organic technology
- Provides powerful cooling to passenger car, heavy and light commercial vehicle engines
- Equipped with organic rust preventers that protects metal surfaces from corrosion with better cooling efficiency
- Lubricates the water pump and protects rubber parts

GLACELF ECO BS GR

- Ready-to-use cooling liquid is suitable for all cooling systems of combustion engines in cars, vans, trucks, buses, construction machines and agricultural tractors
- Multi-material compatibility
- Ensures very long-term protection against metal corrosion
- Provides maximum heat transfer

AdBlue

ISO 22241

- Used in diesel vehicles equipped with selective catalytic reduction (SCR) technology
- Biodegradable, water-soluble and colorless non-hazardous product
- Helps to reduce nitrogen oxide (NOx) emissions

HBF 4

US FMVSS

- Technologically advanced brake fluid formulated to meet the requirements of typical Indian traffic conditions
- Formulated with Enhanced Equilibrium Reflux Boiling Point (ERBP) which provides excellent braking efficiency

EQUIVIS TH 46

VG 46

- Tata Hitachi Co-Branded

15W40 RUBIA WORKS 1000 TH

ACEA E7/E5 API CI-4/CH-4/CF/SL JASO/ DH-1

- Suitable for engines used in earthmoving activities
- High-performance engine oil with high-technology base oils specially formulated for construction, mining, or quarry machinery engines and recent heavy-duty trucks
- The anti-wear performance provides optimum protection
- Prevents piston deposits and is 5 times more resistant than standard lubricants
- Reduces oil consumption

0W-20 ECSTAR

API SM

- Maruti Suzuki Approved

Atlas Copco

TotalEnergies India offers an exclusive range of workshops dedicated to providing high-quality and speedy service for cars and bikes. We earnestly aim to eliminate any uncertainty consumers may have regarding the authenticity of products and technical capabilities.

TotalEnergies Quartz Auto Services is a chain of workshops for cars with a fast turnaround time. Meanwhile, TotalEnergies Hi-Perf Moto services aim at redefining the servicing of two-wheelers with innovation.

Quartz Auto Services

Your trusted partner for comprehensive car maintenance

TotalEnergies Quartz Auto Services is an initiative for car workshops, where oil changes take place exclusively or with other services to match customer expectations and the local markets.

Hi-Perf Moto Services

Your ultimate destination for expert motorcycle maintenance

Hi-Perf Moto Services is a chain of international workshops that provides motorcycle owners with high-quality & professional bike servicing. The workshops offer a superior experience with the latest tools & equipment to ensure that the consumer's hygiene needs are met & all their worries are eliminated.
